Get a handle on your horse in only one day!

Is there something missing in your partnership with your horse?

Are you looking to improve your horse's performance?

Is there something just not quite right with your horse, but you can't put your finger on it?

If you answered yes to any of these questions then we can help you to resolve these issues! Through simple and easy to understand ground training methods you will learn how to be the partner your horse wants you to be.

Join certified trainer, Denise Hopkins at this all day Confidence Clinic for a life-changing opportunity to transform your relationship with your horse. This interactive ground work clinic and demonstration is packed with tips, techniques, and answers to the many questions we all face as horse people.

Throughout the day Denise will be working with several horses that represent the struggles that we face with our horses. You will witness these horses being transformed in a matter of hours rather than days! The open question and answer format is designed to meet the needs of each and every member of the audience.

Just a few of the topics to be covered are:

Ground manners - turning the rude pushy horse on the ground to the respectful, quiet partner at your side.

Standing for mounting - no more walking off while you are swinging your leg over!

Forward movement - no more nagging your horse to stay forward and moving. Convert to cruise control.

Suppleness - turning the stiff, crooked horse into a soft, bending smooth mount

Confidence - help your nervous, tense horse to relax and be more confident

Trailer loading - teach your horse to self load onto the trailer every time.

Cost: \$100 per person, Payment in advance is preferred. Space is limited to 8-10 riders, FBTA members will be given priority. Includes lunch and drinks.

Auditors: are welcome, cost is \$10 for a half day or \$20 for full day, please bring a bag lunch if you are auditing.
